DESCRIPTION:

Guided by an English-speaking guide, Busch Gardens Tampa Bay is the perfect theme park for a family vacation in Florida, including a unique combination of world-class roller coasters, concerts and more than 12,000 animals. The park's zones imitate African countries, for example, Nairobi, Morocco, Egypt, distinguished by an abundance of tropical plantings and exotic inhabitants. In addition to dozens of species of African fauna - lions, hyenas, giraffes, gorillas, chimpanzees, many species of birds and reptiles, there are about 25 attractions here. They are designed for visitors of different ages, so neither children nor adults will get bored in the park.

6 of the most popular rollacoasters, including the new family ride, The Curse of Cobra, which takes guests up a 70m vertical elevator and then travels forward, backward and spins like crazy! The highest dive coaster in North America is Falcon's Fury, which sharply falls from a height of about 100 meters at a speed of 100 km per hour, Cheetah Hunt attractions, SheiKra, which hangs at a great height, as if on the edge of a cliff, and your legs dangle over the "abyss" ", and then you "fall" with lightning speed, as if from a cliff..., Montu and 3 seconds of absolute weightlessness while spinning on one of the many loops of the Kumba roller coaster... All these unforgettable rollacoasters, carrying you at great speed, lifting and dropping, spinning in unprecedented "dead" loops, are harmoniously complemented by water attractions with rafts (Congo River Rapids), carrying you down the stormy river, Stanley Falls, on which you will definitely get wet to the skin. Well, if you are tired of adrenaline-filled entertainment, you can relax by riding the Serengeti Railway. A colorful train will take you around the park's loop, where you can stop and see the main inhabitants of the largest zoo in North America. A distinctive feature of the park is its African theme and the keeping of wild animals in conditions as close as possible to their natural habitat. Elephants, giant turtles, crocodiles, tigers, snow-white peacocks, hippos, antelopes and other exotic animals live carefree in this cozy country and allow you to get to know the wonderful world of Africa. You can feed some of the animals yourself - goats, parrots, and watch the feeding of ferocious predators. Here you can take part in an exciting safari and see animals in close proximity to you, and for ease of movement around the park - the Skyride cable car - a cable car with a hanging basket will not only take you from one part of the park to another, but will also allow you to look at the diversity of African animals walking directly below you or in the distance.

The group of parks to which Bush Gardens belongs includes the exciting water park Adventure Island, located not far from here.

Tampa and St. Petersburg are two big cities merging. In addition to fascinating parks, they have beautiful beaches. Florida's east coast has white

sand beaches, and the water in the Gulf of Mexico is often warmer than the Atlantic Ocean.
