DESCRIPTION: Dear friends, we invite you on a tour of the wonderful city of Miami, where you can get to know the city and its main attractions better!

The tour is led by a professional guide and includes stops at various special locations where you can take wonderful photographs.

During the tour we will travel along the main street of Miami Beach - Collins Avenue, from the northern part of the city to the southernmost. We will visit modern residential areas, where almost every high-rise or private house has expensive snow-white yachts. We will drive through the town, which locals call "little Russia", since a large Russian-speaking population lives here. You will find out where many celebrities live and vacation, including Russian stars.

We will visit the famous historical Art Deco district, the most popular street is Ocean Drive, with Gianni Versace's villa located on it. Having passed along one of the six bridges connecting Miami Beach with the mainland, we will find ourselves in the business part of the city - the main financial district of South Florida, "Southern Manhattan" - Brickell Avenue. It is a high-rise residential area with expensive luxury condominiums and is home to the largest concentration of international banks and most foreign consulates in the United States.

Our tour also includes the famous Biscayne Bay cruise, where you will have a great opportunity to see the entire city center from the water, Miami's cruise and cargo ports.

We will look at Fisher Island - an island with special access, a city within a city. We will see Star Island, where multimillionaires such as Sylvester Stallone, Gloria Estefan and other celebrities live.

On another island, Palm Island, there is a mansion where the famous Chicago gangster Al Capone lived in the 30s.

After the excursion, the guide will take you back to your hotel in comfort.
