DESCRIPTION:

During this one-day trip we guarantee you magnificent landscapes and fascinating adventures that will give beautiful memories for the rest of your life.

You will see the stunning west coast and 10,000 islands!

We will head west through the Tamiami Trail through the Everglades National Park with a small stop at the smallest post office in the US, then to the Everglades City, then look at the ten thousand islands that extend all the way to the Florida Bay, then visit Marco Island and, of course, Naples!

Now let's talk about everything step-by-step.

Route

We will get to the Everglades National Park in about 2 hours. On the way we will make a stop and visit the post office Ochopee - the smallest post office in the USA. Then we will go west to the Everglades City through the Tamiami Trail through the Everglades National Park, where we will see the "mango maze" or the area of 10000 islands and waterways stretching as far as the Florida Bay.

Next we will visit the amazing island of Marco and finally, we will get to Naples - the pearl of the southwest of Florida, located on the sun-drenched beaches of the Gulf of Mexico. Naples is a city of world-class shops, trendy restaurants and huge golf courses. Possessing one of the best beaches in the country and quiet bays, Naples attracts lovers of water sports and outdoor activities. Once in Naples, you can walk a couple of hours on the famous 5th Avenue and visit shops and restaurants. We will also visit the famous Pier of Naples to enjoy the beautiful views of white sand beaches and azure waters off the coast of the Gulf of Mexico.

Finally, we will return east again along the Alligator Alley to Fort Lauderdale and Miami.
