DESCRIPTION: Key West is not just an amazing city-island and a lot of new unusual impressions, it's a special mood, a state of mind and a real way of life! As local people say - "Come to visit us no more than two hours, otherwise you will stay here forever"! And it is true! Visiting Key West once, you understand that there are magic places exist and only here you can forget about all your problems, worries, a busy life and immerse yourself into a world of incredible beauty and happiness!

The signs on many city taxis are teasing tourists with the following text - "Quit your job and move to Key West", and police cars colorfully inform residents and guests of Key West saying "Protecting and serving paradise" that this is an extraordinary place and ideal for life.

Key West is the southernmost city of the continental USA and the road to it is quite unusual, as it should be for an amazing city. It runs literally on the ocean (Overseas Highway). When you drive along it, it seems that we have completely torn ourselves from the ground, we see only beautiful turquoise water on both sides, and ahead only a small strip of road that "goes to Heaven."

The city and the homonymous island are located at the very end of the Florida Keys archipelago, which consists of about 1,700 islands and reefs. This wonderful road stretches from island to island along long bridges, and it is considered one of the most beautiful roads in the United States.

The trip from Miami to Key West will give you not only stunning scenery, but also a lot of comfort with interesting stories from our guide. Travel is carried out on a comfortable minivan or SUV.
